GEORGIA Science

GRADES 3-5

**Georgia's #1 source for Social Studies Curriculum
is Georgia's new source for Science Curriculum!**

GALLOPADE

ALL NEW FOR GEORGIA GALLOPADE Science

Get ready to transform your classrooms into hubs of investigation and exploration—where every lesson is an adventure, and every student is a budding scientist!

Gallopade's new Science curriculum for Georgia grades 3-5 is fully aligned with the Georgia Standards of Excellence.

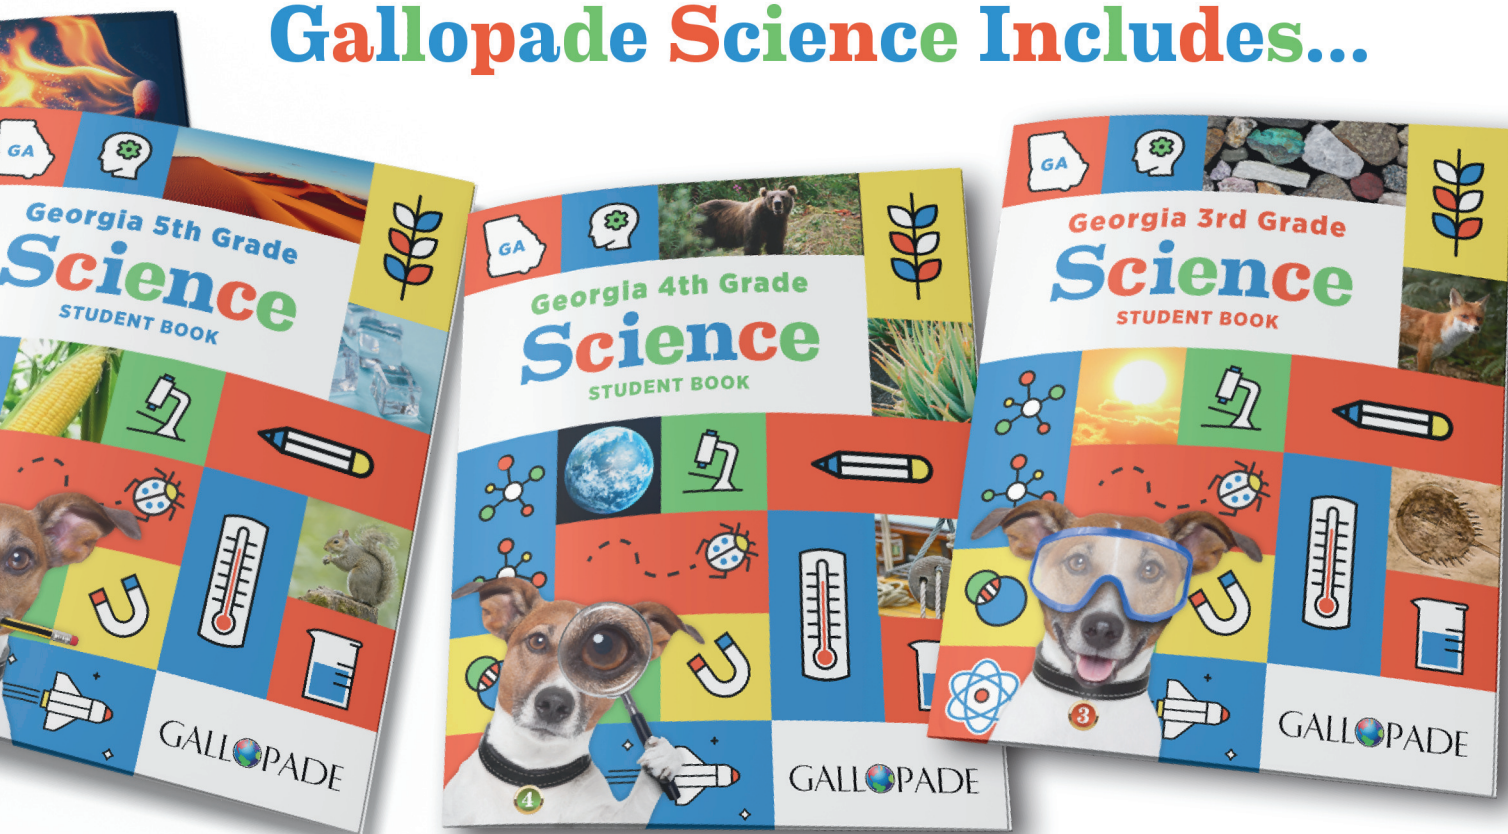

Gallopade Science...

- is a complete curriculum, 100% aligned to the Georgia Standards of Excellence!
- uses Gallopade's effective "small bites" approach to learning!
- incorporates phenomenon-based instruction!
- uses inexpensive, everyday materials to make instruction accessible for all classrooms!
- includes Science literacy articles that do double-duty, combining Science and ELA!
- provides multiple paths to meet all standards—regardless of Science instruction time available!
- is easier for teachers and fun for the whole class!

**Gallopade Curriculum Meets 100% of the
Georgia Standards of Excellence for Science**

Gallopade Science Includes...

Student Book

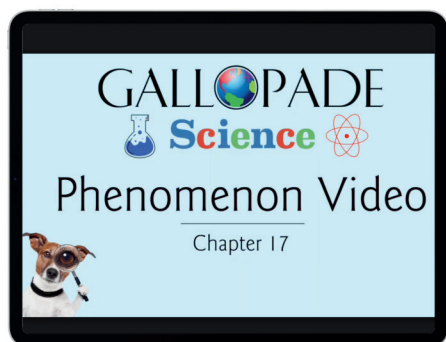

Gallopade's Student Book combines standards-aligned content with phenomenon-based instruction to engage students in authentic explorations and evidence-based reasoning. Three-Dimensional Instruction promotes active engagement, critical thinking, and knowledge application.

The Student Book also integrates ELA and Math skills into science learning.

Spiraled curriculum activates prior knowledge with a "What We Know" section at the beginning of every chapter.

Clickbook

Clickbook is a comprehensive, interactive, digital version of the Student Book that is fun and easy to use. Students can complete and submit activities through GO! - Gallopade Online, or their school's LMS.

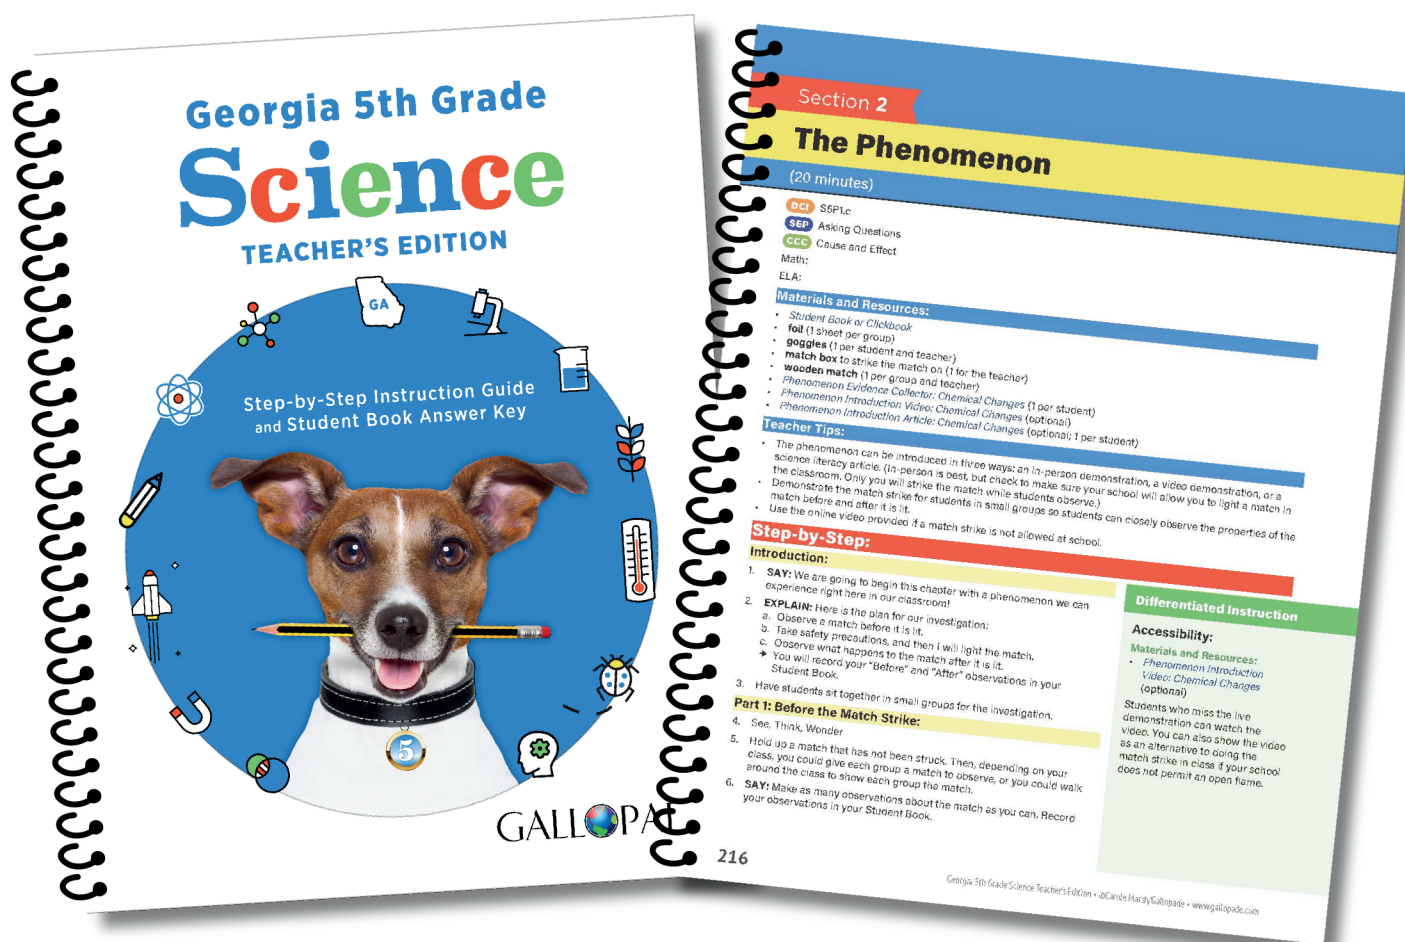

Phenomenon Videos

Every chapter includes a phenomenon video (in addition to an in-class phenomenon experience) to ignite curiosity and provide a framework for scientific inquiry and learning. Phenomenon videos make sure every student gets the benefit of the phenomenon-based approach.

Teacher's Edition

The Georgia Science Teacher's Edition is a combination Step-by-Step Teaching Guide and Student Book Answer Key. The Step-by-Step is designed by teachers for teachers and gives teachers everything they need to prepare, engage, and successfully implement Gallopade Science curriculum.

The Georgia Science Teacher's Edition helps teachers transform the classroom into a hub of investigation, exploration, and cross-curricular learning—where lessons incorporate hands-on activities, literacy, and three-dimensional learning.

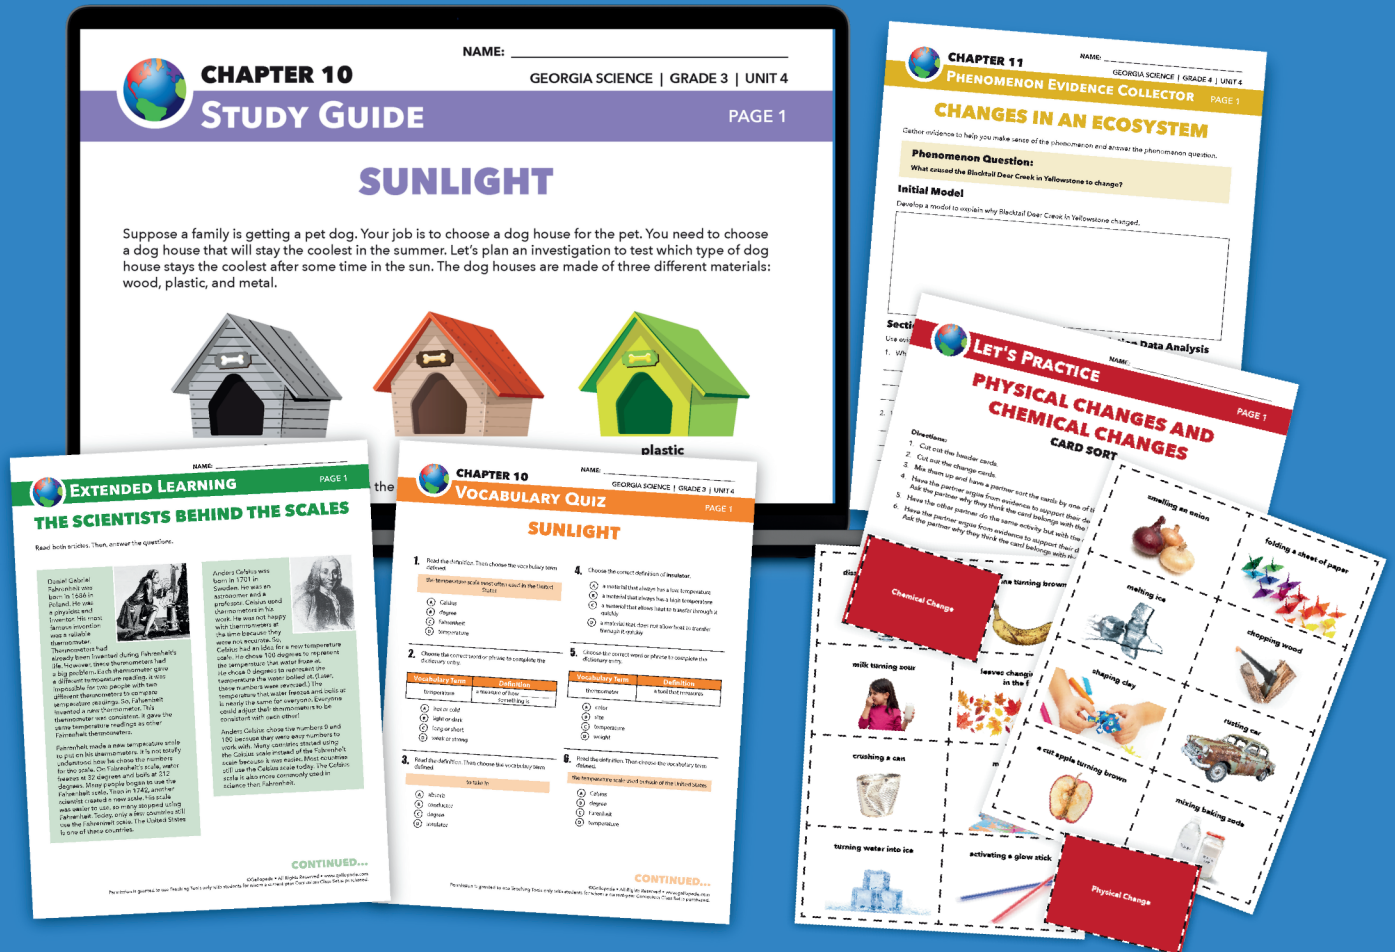

The Teacher's Edition includes:

Standards Alignments • Background Information • Chapter Storylines and 3D Learning Progressions • Nature of Science • Potential Initial Student Ideas • Pacing Guide • Differentiation (Scaffolding AND Extended/Advanced Learning) • Student Book pages, with answers • ELA and Math integration, Alternative Assessments, CCCs, SEPs, AND MORE!

Teaching Tools

Ready-to-use instructional resources, activities, lesson prompts, scaffolded support, learning extensions, and more, all connected to Student Book content via your Teacher's Edition, give you all the tools you need to ensure success!

All Teaching Tools can be printed or used online!

Gallopade Online

Our innovative digital platform provides additional organization, resources, and tools, making teaching easier and learning fun! GO! equips educators with a comprehensive digital resource to effectively teach Science standards. Teachers can assign content, activities, and assessments, grade assignments, and send feedback to students through this integrated online platform.

GO! is your students' hub for Science too! It consolidates all their resources into an engaging, interactive platform where students can learn and explore. Students can use GO! to view the Student eBook, complete assignments, take assessments, review their work, and track their grades.

Registration Number:
IMSP1ge2025W1

GO! is Integrated With

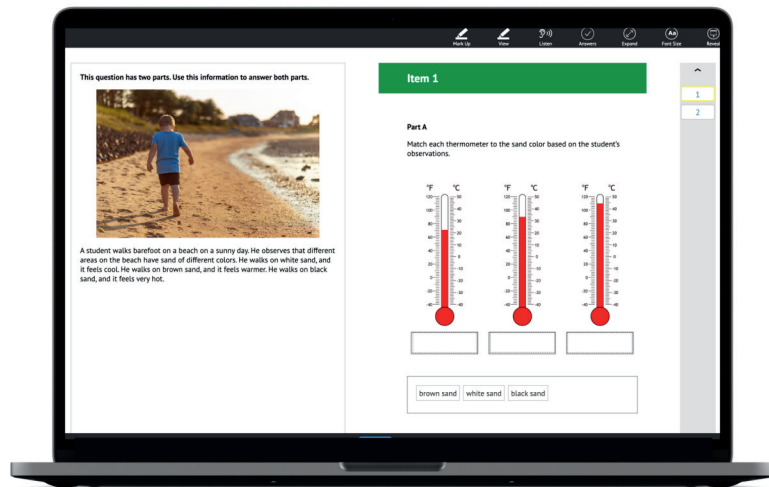

Pre-built Checkpoint Tests make it easy to assess learning throughout the year. Assessments are auto-graded for easy teacher and student review.

With ExperTrack, teachers can review core content and assess skills using the pre-built, auto-graded assessments for each chapter or create custom assessments using GO!'s Custom Content feature.

ExperTrack assessments are designed to integrate the three dimensions of learning, science and engineering practices, crosscutting concepts, and core content.

ExperTrack assessments improve learning outcomes by using standards-based questions across Depth of Knowledge (DOK) levels.

Grading & Reporting

Easily assess and monitor student learning with detailed district, school, and class reports that measure both content knowledge and science practice skills.

The Gradebook makes it easy for teachers to track students' progress. Teachers can view data for individual assignments, averages by assignment, date range, student, and class.

Teachers can edit, grade, review, submit, and unsubmit assignments, and can customize their Gradebook by group, date range, category, and assignment type.

Training & Support

Gallopade's team of experts can provide practical insights and strategies for seamless implementation. Whether you're new to Gallopade or looking to enhance your teaching approach, our support ensures you and your students thrive.

We're always available to help! Connect with our Customer Success team whenever you need assistance throughout the life of your adoption.
