Members of the Green Party are called Greens! Many other countries around the world also have a Green Party.

Green Party Symbol

The Green Party of the United States has been an official political party since 2001. The Green Party chose the sunflower as its symbol because it grows quickly and its seeds are used in many healthy ways!

A political platform is the set of ideas and issues that a political party believes in. The Green Party platform includes peace, human rights, and a healthy environment!
